For the best success in that line, Mr. Spetter, chairman of the membership committee, thinks that the personnel of the organization should be changed from time to time. His idea is that more enthusiasm will be maintained and that different ones who might serve on the committee could better influence different people to join than if the same committee worked continuously. Mr. Spetter also stated that the women could join the Civic club if they wished. Following are the names of the new members secured:

### HALF A BOX OF CUTICURA **CURED HER PERFECTLY**

"My little girl had eczema and was cured by Cuticura Soap and Cuticura Ointment. It first started with sores and blisters and was all over her body. She was just red all over and would scratch until it would bleed. It itched so that she could not sleep. I used different medicines but without effect. I washed her with Cuticura Soap and then applied Cuticura Ointment, which resulted in a perfect cure. I used one cake of Cuticura Soap and half a box of Ointment. Also, as a toilet soap, there is nothing better for pimples. My face was covered with pimples and now it is absolutely free from them since I used Cuticura Soap. So I am never without Cuticura Soap and Ointment. Etienne Barbe, Plaucheville, Avoyelles Parish, La., Oct. 8, '09."

#### For Catarrh Medicine Free in Every Case Where It Fails to Reliev

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fall to give satisfaction in every particular. We want every one to try this medicine at

After two days' canvass for new members for the Civic club, J. R. Spetter, Fred Voland and E. E. Olinger, three of the membership committee of seven, have turned in forty-seven applications for membership. These will be acted on at the meeting of the club tonight. The application fee of \$1 accompanied all of the applications. The three have devoted considerable time to the canvass and the others also have been "whooping it up."

When the new members secured in the last few days are admitted the membership will be over 100. And the end is not yet, for the slogan, "200 members by May 1," will be the motto. The canvass will be continued until at least that number is secured.

For the best success in that line, Mr. Spetter, chairman of the membership we know so much of the great good.

She owned it for years, buying it from a Mr. Paine. Mr. and Mrs. Holum expect to leave about March 20 for an extended trip in the west.
